FELLOW PATRIOTS

If you are tired of Government trying to take over every aspect of your life, then join us. Stand with Fellow Patriots who are sick of our Government growing and spending our tax dollars until we die as a free nation.

We truly are a grassroots organization. We are not puppets for either party but just citizens of the Greatest Country known to civilization.

WE THE PEOPLE, DEMAND

The government to hear our voices

We demand

they protect each and every legal citizen in the Nation

We demand

they follow our constitution

We demand

they balance the budget

We demand

the reduction of government

We demand

they keep their hands off **FREE ENTERPRISE**

The Founding Fathers predicted this would happen. Our Brilliant Founders did not ask us **BUT** they demanded us to stop tyranny from stealing our liberty.

JOIN US BEFORE IT IS TOO LATE

"We the people are the rightful masters of both Congress & the courts, not to overthrow the Constitution, but overthrow the men who pervert the Constitution."
